

MIRENGO RMG-S CA290

Ideal space efficiency

The **RMG-S CA290** is perfect for gondola-arrangements due to its small footprint. It is also an **ideal and sustainable retrofit solution** thanks to the innovative Connect Air Propane system with drainage management.

- + The extremely lean design is perfect for stores where **floor-space is at a premium** – particularly if used in a gondola-arrangement as opposed to an island cabinet.
- + The environmentally-friendly **Connect Air** system provides maximum flexibility as it does not require any refrigerant or glycol lines. Thanks to its integrated drainage solution, you can easily change the position of the deep-freeze cabinet at any time without any construction measures.
- + **Wood decors** create a pleasant atmosphere, increase the time spent in the deep-freeze department and **underline the cabinet's sustainable approach**.
- + The **versatile baskets** guarantee that the goods display always appears full to promote sales. They facilitate loading for personnel and are therefore time-saving.
- + Frameless, **energy-free premium glass doors** and panoramic side walls ensure a continuous product presentation with **maximum visibility of goods** when installed in a gondola-arrangement with a shop-around end.

Freshness. Our focus.

HAUSER

Your HAUSER solution for freshness

Transparent design, attractive goods display, energy-optimised refrigerated and deep-freezing cabinets and a comprehensive range of service have been guaranteeing freshness for almost seventy years: HAUSER is your reliable partner for refrigeration technology.

Founded in 1946 by Rudolf Hauser as a maintenance and installation service in Linz in Austria, the family-run business grows continuously. HAUSER manufactures its products using state-of-the-art methods at its two facilities located in Austria and the Czech Republic. Worldwide, 700 employees strive each day to provide you with individual solutions for freshness.

Everything from a single source

Planning, production and delivery of turnkey refrigeration units – HAUSER provides safety, reliability and service during the entire product life cycle. The top-quality products are tailored to fulfill your individual needs. The professional project management minimises your energy consumption and thus helps preserve the environment.

Broad spectrum of services

Our product portfolio includes refrigerated and deep-freezing cabinets, refrigeration technology and controls, cold-storage rooms and warehouses, and also a broad spectrum of services with 24-hour assistance and online temperature control. HAUSER guarantees optimal support around the clock with installation and service technicians close to your location.
