

# MERANIS IM-S CA290

## Maximum flexibility

Even deep freezing can be flexible: With its temperature switching technology, this cabinet can be loaded according to the seasons. This island is also an ideal and sustainable retrofit solution thanks to the innovative Connect Air Propane system with drainage management.

- ⊕ The **compact design** is perfect for stores where floorspace is at a premium and avoids wasting floorspace.
- ⊕ The **environmentally-friendly Connect Air system** provides maximum flexibility as it does not require any refrigerant or glycol lines. Thanks to its integrated drainage solution, you can easily change the position of the island cabinet at any time without any construction measures.
- ⊕ **Wood decors** create a pleasant atmosphere, increase the time spent in the refrigeration area and **underline the cabinet's sustainable approach**.
- ⊕ The mobility and temperature variability of the island allows you to **easily change the store concept** at any time.
- ⊕ The **all-glass panoramic side walls** ensure a continuous product presentation with maximum visibility of goods.

*Freshness. Our focus.*
