

REGIUS URP-CV-C-RK

Faster and more efficient loading than ever before

Its small footprint make the **REBAS CA744** perfect for gondola-arrangements. Thanks to the innovative Connect Air CO₂ system, it is also an ideal and sustainable retrofit solution.

- + The useful **rack trolleys** allow your personnel to prepare for loading in advance. The assortment can then be changed within minutes, making the cabinet ideal for displays that are adjusted according to the time of day.
- + **The retracted top** and cascading shelves as well as the side walls with transparent spacers create maximum visibility of goods.
- + The rack trolleys do not prevent the use of **shelf illumination**: energy-saving LEDs from Philips with a **high colour reproduction index** showcase the freshness of your products. The sophisticated electric concept means that you do not have to worry about plugs when removing the trolley.
- + The design of REGIUS-CV fits perfectly to the RENIMA series, which makes the cabinets easy to combine.

Freshness. Our focus.

HAUSER 

Your HAUSER solution for freshness

Transparent design, attractive goods display, energy-optimised refrigerated and deep-freezing cabinets and a comprehensive range of service have been guaranteeing freshness for almost seventy years: HAUSER is your reliable partner for refrigeration technology.

Founded in 1946 by Rudolf Hauser as a maintenance and installation service in Linz in Austria, the family-run business grows continuously. HAUSER manufactures its products using state-of-the-art methods at its two facilities located in Austria and the Czech Republic. Worldwide, 700 employees strive each day to provide you with individual solutions for freshness.

Everything from a single source

Planning, production and delivery of turnkey refrigeration units – HAUSER provides safety, reliability and service during the entire product life cycle. The top-quality products are tailored to fulfill your individual needs. The professional project management minimises your energy consumption and thus helps preserve the environment.

Broad spectrum of services

Our product portfolio includes refrigerated and deep-freezing cabinets, refrigeration technology and controls, cold-storage rooms and warehouses, and also a broad spectrum of services with 24-hour assistance and online temperature control. HAUSER guarantees optimal support around the clock with installation and service technicians close to your location.

Design, quality and energy efficiency

The team at our modern development laboratory is constantly working on innovations in the areas of goods display, transparency, ergonomics, function and
