

REBAS CA744

The flexible space miracle.

Its small footprint makes the **REBAS CA744** perfect for gondola-arrangements. Thanks to the innovative Connect Air CO₂ system, it is also an ideal and sustainable retrofit solution.

- + The environmentally-friendly Connect Air System offers maximum **flexibility** as it does not require any refrigerant or glycol lines. **Combined** with a mobile drainage solution, you can easily change the position of your REBAS refrigerated multideck display cabinet at any time without any construction measures.
- + To fulfil the **highest temperature requirements** and offer the **best energy efficiency**, the REBAS accessory portfolio includes a **wide range of door options** that can maximise the visibility of goods thanks to transparent spacers.
- + Despite its shallow **depth** of only **930 mm**, REBAS offers a **base deck depth** of **600 mm**. This cabinet is a real **space miracle** - not only compared to refrigerated islands.
- + The **free well** and the **large interior** components fulfill the requirements for **hygiene** and **easy cleaning**.

Freshness. Our focus.

HAUSER

Your HAUSER solution for freshness

Transparent design, attractive goods display, energy-optimised refrigerated and deep-freezing cabinets and a comprehensive range of service have been guaranteeing freshness for almost seventy years: HAUSER is your reliable partner for refrigeration technology.

Founded in 1946 by Rudolf Hauser as a maintenance and installation service in Linz in Austria, the family-run business grows continuously. HAUSER manufactures its products using state-of-the-art methods at its two facilities located in Austria and the Czech Republic. Worldwide, 700 employees strive each day to provide you with individual solutions for freshness.

Everything from a single source

Planning, production and delivery of turnkey refrigeration units – HAUSER provides safety, reliability and service during the entire product life cycle. The top-quality products are tailored to fulfill your individual needs. The professional project management minimises your energy consumption and thus helps preserve the environment.

Broad spectrum of services

Our product portfolio includes refrigerated and deep-freezing cabinets, refrigeration technology and controls, cold-storage rooms and warehouses, and also a broad spectrum of services with 24-hour assistance and online temperature control. HAUSER guarantees optimal support around the clock with installation and service technicians close to your location.

Design, quality and energy efficiency

The team at our modern development laboratory is constantly working on innovations in the areas of goods display, transparency, ergonomics, function and
