

RENEO

Maximum merchandise density that still enables a good view of the store.

RENEO is THE compact, design-driven cooling solution for half-height refrigerated goods displays. The integral design enables **flexible retrofitting** for all models. Our **reliable CO₂ refrigeration technology** is an environmentally-friendly solution for securing high temperature safety during energy-efficient operation.

- + Unique gondola design with **maximum visibility of goods**. The glass side walls on the shop-around end mirror the **curved contours of the sliding doors** made of **insulated glass**.
- + Frequency-controlled CO₂ refrigeration technology with condensate evaporation that is ready to plug in: flexible installation, **high energy efficiency** and **reliable temperature safety**.
- + The **total cabinet height of 1.7 m** makes it suitable for modern, open shop design concepts that give a **view of the entire salesroom**.
- + **RENEO can be perfectly integrated** into the existing shop design concept thanks to its numerous colour variants and optional wood decor.
- + The cabinets can be combined to create a **wide variety of arrangement options**: from wall or back-to-back installations to L or U-shaped gondola-arrangements.

Freshness. Our focus.

HAUSER

Your HAUSER solution for freshness

Transparent design, attractive goods display, energy-optimised refrigerated and deep-freezing cabinets and a comprehensive range of service have been guaranteeing freshness for almost seventy years: HAUSER is your reliable partner for refrigeration technology.

Founded in 1946 by Rudolf Hauser as a maintenance and installation service in Linz in Austria, the family-run business grows continuously. HAUSER manufactures its products using state-of-the-art methods at its two facilities located in Austria and the Czech Republic. Worldwide, 700 employees strive each day to provide you with individual solutions for freshness.

Everything from a single source

Planning, production and delivery of turnkey refrigeration units – HAUSER provides safety, reliability and service during the entire product life cycle. The top-quality products are tailored to fulfill your individual needs. The professional project management minimises your energy consumption and thus helps preserve the environment.

Broad spectrum of services

Our product portfolio includes refrigerated and deep-freezing cabinets, refrigeration technology and controls, cold-storage rooms and warehouses, and also a broad spectrum of services with 24-hour assistance and online temperature control. HAUSER guarantees optimal support around the clock with installation and service technicians close to your location.

Design, quality and energy efficiency

The team at our modern development laboratory is constantly working on innovations in the areas of goods display, transparency, ergonomics, function and
